

HOUSE NORDIC®

Design to grow

AUTUMN / WINTER 2026

House Nordic was founded in Denmark in 2017 with a simple ambition: To make Nordic furniture and interior design accessible through strong partnerships, reliable service, and products that combine quality, functionality and value.

Today, we are proud to support customers in more than 50 countries from our headquarter in Denmark, together with more than 100 dedicated employees.

As we have grown, one thing has remained the same: We believe growth should feel simple.

For our customers, that means easy access to trend-driven collections inspired by the timeless principles of Nordic design. It means flexibility, high stock availability and fast delivery.

No matter the size of your business, House Nordic offers flexible solutions that grow with you. Whether you need products from stock or full-container deliveries, we tailor our logistics to meet your needs.

Our new identity marks the next step in our journey. It is a clearer expression of who we are and the role we play in helping our customer’s success. Because behind every product is a partnership – built on trust, flexibility and the ability to move quickly when new opportunities arise.

At House Nordic, design is not only about what fills a room. It is about what makes growth possible.

For our customers.
For their customers.
For everyday life.

AW26

A SENSE OF HOME

AW26 celebrates the home as a place of calm, comfort, and connection. Organic shapes, soft textures, and warm materials create a sensory and comforting atmosphere where quality and well-being take center stage.

The collection combines nostalgic references with modern simplicity through craftsmanship-inspired details, timeless silhouettes, and elegant material mixes.

Natural tones and materials are balanced with deep color accents that add warmth, contrast, and personality.

A universe designed to feel calm, honest, and timeless.

FROM TREND TO HOME

On the following pages, you can explore how these trends can be incorporated into your styling.

RICH WOOD TONES

Dark wood and woodlike materials returns as a defining element in the interior, bringing depth, warmth, and a timeless character. Layered with soft textiles, natural stone, ceramics, and tactile surfaces, it creates a balanced expression where craftsmanship and honest materials add richness, contrast, and lasting appeal.

Menorca Rug
PET RECYCLED PLASTIC, SAND
3981300 | ø120cm
3981310 | ø180cm

Our rugs are made from the finest PET yarn adopted from recycled plastic bottles. The hair-thin polyester fibers provide an exceptional softness and wool-like texture. The process from recycled plastic bottles to a ready-to-use rug is time-consuming but eco-friendly.

The material withstands water, sunlight and dirt exceptionally – and thereby an excellent choice for both indoor and outdoor use.
